Interested in Volunteering?
You Can Make a Difference!

No community can be truly healthy if a significant portion of the population is excluded from basic health care and dental services. The medically underserved are all around us. Their lack of health care is not just a problem for them, but for all of us.

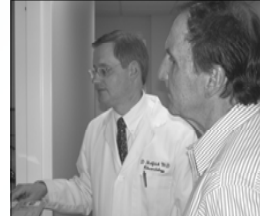

Volunteers at the health center describe the experience of working here as “uplifting” because of the appreciation of the people who otherwise would not get the health care they need.

The Catholic Charities Free Health Care Center's mission is dedicated to providing excellent primary health care at no charge to those who neither have health coverage nor are able to afford adequate health insurance, regardless of religious affiliation.

Volunteers are the helping hands in our community and the heart and soul of Catholic Charities Free Health Care Center. Our volunteer professionals who give of their time and talents often feel that they get more out of the experience than they give.

Volunteers at the health center are the hearts and hands of our service. Many of the clinical volunteers enjoy working here because they get to do what they were trained to do—purely patient care.

New volunteers are always needed and welcomed.

As a volunteer in our Free Health Care Center. . .

- ◆ Your time commitment is up to you. We'll work with you to accommodate your schedule.
- ◆ Free parking nearby will be provided.

If you would like to share your gift in the service of helping others and would like to join our “volunteers with heart” team, complete and return the sign-up form in this brochure, visit our website at www.ccpgh.org or email us at freecare@ccpgh.org.
